

Brandon Bredemeyer – Odessa, TX

Brandon is an Odessa, Texas native, a proud graduate of Angelo State University, and an Artificial Advisor for an S&P 500 E&P company. He currently resides in his hometown with his beautiful wife and two amazing daughters. His journey began with hunting on family farms in Runnels County, TX, a tradition that instilled in him a love for the outdoors, wing shooting, and a strong sense of land stewardship. This foundation was solidified through his involvement in 4H shooting programs, where he competed in both shotgun & rifle disciplines. This of course led to his dedicated volunteer work with Safari Club International (SCI), where he serves in multiple leadership roles to promote wildlife conservation and outdoor ethics. Current positions held include: Director at Large (SCI), Advisory Board (SCI Foundation), Executive Board Member (West Texas Chapter SCI), and various committees within SCI and Foundation.
