

Richard R. Kennedy III – Lafayette, Louisiana

I am from Lafayette, Louisiana and graduated from Southern Methodist University and Loyola School of Law. I am married with two children and practice law with my father. From an early age, I developed a love of the outdoors, hunting and fishing from an early age in south Louisiana. While growing up, the foundation of conservation was instilled by my father and friends. Once returning back to Lafayette from school, I became involved in a local chapter of the Coastal Conservation Association where I soon was placed in charge of the banquets and eventually was elected chapter president and have been serving on the state board of directors for several years. Additionally, I am a founding member of the Acadiana Chapter of Safari Club International. Currently I serve as a Director at Large with SCI, SCI Acadiana Chapter President, on various committees within SCI, and CCA Louisiana State Board Member and CCA Acadiana Chapter board member.
