

Troy Estes
President & CEO
Vektek LLC

Troy Estes is the current President, CEO, and Co-Owner of Vektek LLC in Emporia, Kansas. Vektek is a global leader in the manufacture and distribution of advanced hydraulic work holding systems for CNC machining applications and other industrial processes. Mr. Estes has successfully navigated Vektek through market downturns while maintaining profitability. In fact, Vektek is one of the most profitable and efficient companies in this entire market segment. By fostering a collaborative team environment and team effort, he has expanded marketing, sales, and distribution globally to over 39 countries during this time, leading Vektek to receive the coveted “Exporter of the Year” award in the state of Kansas.

Troy’s work ethic was created primarily while working in the family business in Emporia, Kansas, here he grew up and learned the value of hard work, tenacity, and good ethics. Understanding the level of dedication and responsibility to help others succeed is the root of his success.
